Dear Jim:

On February 10, 1961, we submitted fifteen copies each of the technical and cost proposals covering the development of a rear projection viewer. A statement was made in the letter of transmittal that a detailed schedule was outlined in the technical proposal. It has come to my attention that this schedule was not included. Therefore, I would like to apprise you of the schedule which was to be proposed.

The schedule for the delivery of the units mentioned in this proposal is as follows:

1. Unit #1 - 10 months from the date of contract.
2. Unit #2 - 11 months from the date of contract.
3. Each additional unit - two a month thereafter.

I hope that consideration of our proposal will not be jeopardized by this late submission.

Thank you very much for your consideration in this matter.
